

WASTE AND RECYCLING

Product Sheet - AUS

Launched in November 2005, Waste & Recycling is Rokstone's longest standing portfolio. Since launch, we have embedded a culture of technical excellence, underwriting discipline and superior risk selection in this class thanks to quality risk filtration, rigorous and extensive due diligence on a continued basis, including EPA, and OSHA checks. Our partnership with Securus Risk Advisors enables us to offer world class risk management, continuing a long term - sustainable coverage solution.

Operating in Australia since 2017 with our chosen partners, Rokstone is established as one of the market leaders in the Recycling Insurance space.

AVAILABLE IN ALL STATES
